

## **The Blackdown Farmers' Market at Corfe.**

Come and celebrate the last Farmers' Market, with a pre-Christmas feel about it!

Here you will have an opportunity to gather, chat, and purchase locally-sourced produce. This is an important aspect of bringing together the local community and supporting ecologically sustainable produce.

Fresh fish, local meats, vegetables, cheeses, Thai street foods, locally produced honey, Fair Trade produce, and gifts to name but a few.....but this time I have invited a few local crafts to join us: candle makers, handmade pottery gifts, home accessories, and antique Italian fashion accessories.

The last market until the Spring is November 14<sup>th</sup>... a chance maybe to start your Christmas shopping!

**Stay Local Stay Loyal!**
